As already families of cuspidal curves in the plane (cf. [Zar35]) or nodal curves on surfaces in $P^3 C$ (cf. [CC99]) show, in general we cannot expect a complete answer as for families of plane nodal curves, saying that the family is irreducible whenever it is nonempty. All we may hope for are Tue, 01 Jan 2019 09:54:00 GMT IRREDUCIBILITY OF EQUISINGULAR FAMILIES OF CURVES -

March 2017 Advised by Joseph D. Harris and Anand P. Patel Inverse,ection Points in Families of Algebraic Curves - FAMILY OF CURVES Repeating the compaction process for several different types of cohesive soils yields graphs (i.e. curves) of similar shape and geometry. These similar graphs plotted on one sheet are called the Family of Curves (see AASHTO T 272). A copy of the INDOT developed Family of Curves is kept on file in each District Testing Department. 13 Family of Curves and the One-Point Proctor Procedures -
