

farm crops life on the farm

Fri, 11 Jan 2019 15:33:00 GMT farm crops life on the pdf - A farm is an area of land that is devoted primarily to agricultural processes with the primary objective of producing food and other crops; it is the basic facility in food production. The name is used for specialised units such as arable farms, vegetable farms, fruit farms, dairy, pig and poultry farms, and land used for the production of natural fibres, biofuel and other commodities. Fri, 11 Jan 2019 08:38:00 GMT Farm - Wikipedia - Agriculture is the cultivation of land and breeding of animals and plants to provide food, fiber, medicinal plants and other products to sustain and enhance life. Agriculture was the key development in the rise of sedentary human civilization, whereby farming of domesticated species created food surpluses that enabled people to live in cities. The study of agriculture is known as agricultural ... Sat, 12 Jan 2019 13:16:00 GMT Agriculture - Wikipedia - Mississippi State University is an equal opportunity institution.
